1. About Errors2Experts

Errors2Experts is a dynamic IT Training and IT Services company based in NGO Colony, Dindigul, Tamil Nadu. Founded in December 2025 and registered as an MSME organization, we are on a mission to bridge the gap between academic learning and industry requirements.

Our philosophy is simple: Learn From Errors, Become an Expert. We provide hands-on, practical training that equips students with real-world skills, making them industry-ready from day one.

Our Core Values

- Learn • Build • Excel — our guiding principle for every student
- Practical, project-based curriculum aligned with industry standards
- Affordable pricing to make quality IT education accessible to all
- Small batch sizes ensuring personalized attention and mentorship
- Dedicated placement support and internship opportunities
- MSME registered — a trusted and credible institution
